

STANDARDS UPDATE NOTICE (SUN) ISSUED: April 21, 2025

STANDARD INFORMATION

Standard: NSF/ANSI 12

Standard ID: Automatic Ice Making Equipment [NSF/ANSI 12:2024]

Previous Standard ID: Automatic Ice Making Equipment [NSF/ANSI 12:2023]

EFFECTIVE DATE OF NEW/REVISED REQUIREMENTS

Effective Date: June 1, 2026

IMPACT, OVERVIEW, AND ACTION REQUIRED

Impact Statement: Per our accreditation, Intertek is required to review reports against the standard revisions to confirm compliance. Once compliance is confirmed, the standard reference in the report is updated to show continued compliance to the technical requirements of the standard. Reports not updated to this version by the effective date above will be withdrawn.

Overview of Changes:

 Use of indicators and recommended cleaning/sanitizing frequencies to manage ice machine cleanability

Specific details of new/revised requirements are found in table below

Note: If the listing references a Canadian standard, per the Canadian Electrical Code (CSA C22.2#0) Section titled Language of markings, Caution and Warning Markings shall be in English and French.

Current Listings Not Active? – Please immediately identify any current Listing Reports or products that are no longer active and should be removed from our records. We will do this at no charge as long as Intertek is notified in writing prior to the review of your reports.

STANDARD INFORMATION

CLAUSE	VERDICT	COMMENT
		Additions to existing requirements are <u>underlined</u> and deletions are shown lined out below.
5	Info	Design and construction
5.1	Info	General sanitation
		New clause added;
5.1.5		Ice making equipment shall be designed and manufactured with an indicator to signify when the equipment is ready for the next cleaning process, whether by hand or CIP. The indicator shall:
		 be triggered to indicate a cleaning cycle interval which must be specified in the manufacturer operational instructions; and be evident and obvious at the machine.
		Installation, operation, and maintenance instructions The manufacturer shall provide instructions for installation, operation, and maintenance of the equipment. These instructions shall include:
7		 detailed procedures for cleaning and sanitizing the ice making equipment, associated storage bins and all other accessories necessary for the production, transport, and storage of potable ice; and the recommended frequency for cleaning and sanitizing the ice making equipment, associated storage bins, and all other accessories necessary for the production, transport, and storage of potable ice.
