

## STANDARD INFORMATION

**Standard:** UL 2267

**Standard ID:** Fuel Cell Power Systems for Installation in Industrial Electric Trucks [UL 2267:2020 Ed.3+R:12Feb2025]

**Previous Standard ID:** Fuel Cell Power Systems for Installation in Industrial Electric Trucks [UL 2267:2020 Ed.3]

## EFFECTIVE DATE OF NEW/REVISED REQUIREMENTS

**Effective Date:** February 12, 2027

## IMPACT, OVERVIEW, AND ACTION REQUIRED

**Impact Statement:** Per our accreditation, Intertek is required to review reports against the standard revisions to confirm compliance. Once compliance is confirmed, the standard reference in the report is updated to show continued compliance to the technical requirements of the standard. Reports not updated to this version by the effective date above will be withdrawn.

This standard contains Functional Safety requirements.

**Overview of Changes:** Revision to truck types for use with fuel cells. Specific details of new/revise requirements are found in table below.

**Note:** If the listing references a Canadian standard, per the Canadian Electrical Code (CSA C22.2#0) Section titled Language of markings, Caution and Warning Markings shall be in English and French.

**Current Listings Not Active?** – Please immediately identify any current Listing Reports or products that are no longer active and should be removed from our records. We will do this at no charge as long as Intertek is notified in writing prior to the review of your reports.
