

STANDARD INFORMATION

If your product is certified to ULC S527, then it needs to be recertified to the 5th edition of ULC 527 prior to the effective date.

Standard: ULC 527

Standard ID: Control Units and Accessories for Fire Alarm Systems [ULC 527:2024 Ed.5]

Previous Standard ID: Control Units for Fire Alarm Systems [ULC S527:2019 Ed.4]

EFFECTIVE DATE OF NEW/REVISED REQUIREMENTS

Effective Date: **October 9, 2026**

IMPACT, OVERVIEW, AND ACTION REQUIRED

Impact Statement: Per our accreditation, Intertek is required to review reports against the standard revisions to confirm compliance. Once compliance is confirmed, the standard reference in the report is updated to show continued compliance to the technical requirements of the standard. Reports not updated to this version by the effective date above will be withdrawn.

This standard contains Functional Safety requirements.

Note: The 5th edition of ULC 527 has been updated from “Control Units for Fire Alarm Systems” to “Control Units and Accessories for Fire Alarm Systems” and from “ULC S527” to “ULC 527”.

Note: The 5th edition of ULC 527 is harmonized with the 11th edition of UL 864.

Overview of Changes: All reports currently certified to ULC S527 need to be evaluated and certified to ULC 527 5th edition prior to the effective date. Due to the changes between standards, a full evaluation to the new edition is required.

Note: If the listing references a Canadian standard, per the Canadian Electrical Code (CSA C22.2#0) Section titled Language of markings, Caution and Warning Markings shall be in English and French.

Current Listings Not Active? – Please immediately identify any current Listing Reports or products that are no longer active and should be removed from our records. We will do this at no charge as long as Intertek is notified in writing prior to the review of your reports.
